Keeping Everyone Informed

We realize summer is very busy for everyone and schedules may change quickly. We will do our best to keep all parents informed through email, text messages, Facebook and flyers.

To make this system work, you must update your

child's online account with your **current email address, and cell number.**

Please list **Emergency Contact** info. This should be someone OTHER THAN yourself and will be used if we can't reach a parent/guardian first.

Please make sure that

anyone dropping off or picking up your children is kept informed as well. Keeping everyone up to date will alleviate confusion.

Lost and Found

Lost and found items will be out by the picnic table everyday and can be picked up during Before/After Care. At the end of the summer unclaimed items will be donated. We are not responsible for items that are not claimed or taken.

Woods

On many days during the summer, we might hike into the woods for activities and games. Please do not be alarmed if you pull into the park and do not see children in the fields. We have radio communication with the office.

Come to the Main Office (house at the front of the park) if you need to pick up your child early.

Medications & Allergies

Please notify the Director, Tina LeBlanc, in writing of any allergies (i.e. food, nuts, candy, bug spray, or sun block) or medications (i.e. inhaler, EpiPen, daily meds, etc.) your child might have.

It will also help us with planning special events and fun surprises!

This should be updated in your Wells Rec Account prior to camp.

Camper Behavior

Camp is a place to have fun, improve skills, become more independent, make new friends, develop social skills, experience a different environment, and learn from positive adult role models. To be successful, all campers are expected to fully understand and act in accordance with our Behavior Management Policy. During registration, a parent/guardian will be required to sign an acknowledgement of this policy. If a camper cannot adhere to this policy, consequences will result in accordance with this policy.

Incident/Disciplinary & Accident Reports

All reports will be copied for parents. You may pick up your copy at the Sign In/Out table. All reports will be available by the next day, if not earlier.

Illnesses

If your child is sick the morning of camp or if your child is showing any symptoms of **COVID-19, Pertussis, Conjunctivitis, Impetigo, Lice, Flu, fever or other illness** *please keep your child home* until the symptoms have been clear for 24 hours. This will help reduce possible infections in camp. Please call the office to let us know.

Special Needs

Please be forthcoming with any information that will help our staff work best with your child.

We will do our best to make reasonable accommodations, but camp is not necessarily suitable for every child. If there are concerns with your child's accommodations, please make arrangements to speak with the Director, Tina LeBlanc.

The School Department is not permitted to share information (such as IEP's & 504 plans) with us due to confidentiality, unless you give permission. Any pertinent information would be greatly appreciated. This will help prevent problems before they occur.

Rain Days, Extreme Heat & Sudden Storms

Rain Day & Extreme Heat & Camp 4-6. decisions will be made by 6:30am. When possible, we will make notifications the previous day. All Weather Notifications will be made via email and text message.

Rain Days

Camp Rain Days will be held indoors at the Wells Activity Center for Camp 1 and Wells Elementary School for Camp 2-3

There will also be signs at the Rec. Park, in front of the Elementary School and under the reader board at the Activity Center.

Extreme Heat

On Extreme Heat Days, Camp 1 may be relocated to the Wells Activity Center.

Sudden Storms

If we are caught in a sudden down pour, we will bring the campers to the Pavilion.

If the rain continues, we will bus the campers, with all their belongings, to the Elementary School/Activity Center. **Once we arrive at the Elementary School/Activity Center we will remain there for the rest of the day** even if the sun returns for pick-up.

Mother Nature - Sun, Bugs & Plants

Sun block: The sun is a major factor in our everyday life at summer camp. Sun block is reapplied every 2-3 hours unless we are at the beach where it is reapplied every 1-2 hours. We use sun block with an SPF 30 or above.

If your child is allergic to any sun block, please let us know and have them bring their own to camp.

We recommend purchasing a long sleeve sun shirt if your child is highly prone to sun burns. We also recommend wearing a brimmed hat.

Insects: Maine summers bring ticks, yellow jackets, wasps, and mosquitoes. We have hired Mainely Ticks to treat the fields for insects, however the woods are not treated. The staff is aware of these concerns and check the children often. We also ask parents and guardians to keep an extra eye out at home as well.

Bug repellent will be available and used as needed.

Poison Ivy: It is to be expected that there is poison ivy in the woods in Maine. Staff and children are made aware of what it looks like and how to avoid it.
